NOT SURE WHAT TO ORDER ?

OUR RECOMMENDATIONS!

CHOCOLATE PEANUT BUTTER MOUSSE BOMB

Voted one of the top reasons to Go Vegan in Veg News Magazine! Made a splash in the Washington Post! Photographed in Time Out NY with a caption that read "I'm officially obsessed with Vegan Treats!" This cake has been raved about, talked about, obsessed over, gobbled down by the thousands and is hands down, our most famous cake!

BROWNIE CHUNK CHEESECAKE

For years people went crazy for cheesecake and brownies. We thought it would make for a fun idea to combine the two and the rest was history. Nevermind the graham cracker crust, this cheesecake rests on a brownie bottom and is topped with a mountain of chocolate gauache and brownie chunks.

\$45.95

CHOCOLATE ENCASED STRAWBERRY SHORTCAKE

Our tallest, most extravagant creation. Layers of our Tahitian vanilla bean cake, fresh-cut strawberries, and homemade whipped pastry cream all encased in a fine layer of Belgian chocolate. Topped with a dozen chocolate covered strawberries and drizzled with white chocolate, you won't be disappointed! Not a fan of chocolate? Try our regular strawberry shortcake.

\$57.95

RASPBERRY WHITE CHOCOLATE CHEESECAKE

The white chocolate adds a decadent spin to our classic cheesecake. This cheesecake is prepared with melted white chocolate and poured over fresh raspberries. It's finished with a thin layer of raspberry puree and drizzled with white chocolate.

\$45.95

KEY LIME CHEESECAKE

Indulge in a heavenly whipped cheesecake delight. The perfect marriage of your two favorite desserts, cheesecake and key lime pie. A "Chicago-style" cheesecake embodies the perfect blend of creamy, smooth texture with a punchy key lime kick, all on top of a crunchy graham cracker crust. Finished with a light whipped topping and garnished with graham cracker crumble. Yum!

\$45.95

VANILLA COCONUT CUSTARD CAKE

Traditional cake beware, these coconut custard layers will have you licking your plate. Light, whipped coconut custard is sandwiched between 4 layers of our fine crumb French vanilla cake fragrant with tropical vanilla bean. Encased entirely in toasted coconut, the crunchy outer shell compliments the light, fluffy custard perfectly. We dare you to defy the clean plate club on this one.

SEE! THE SHOCKING TRUTH!

When you eat Vegan Treats you have taken a step to reduce cruelty to animals. By eating vegan, you refuse products of inhumane slaughterhouses, egg laying facilities and dairy farms. But veganism also means conservation. Eating

Vegan Treats over counterparts made with animal products, saves the lives of thousands of cows and chickens as well as protecting wildlife habitats. Great apes like gorillas, chimpanzees, and orangutans face deforestation and homelessness every single day due to unnecessary destruction of their habitats for livestock production. Eating compassionately directly conserves natural resources and saves the lives of precious animals that die unnecessarily for food production.

PLEASE EAT COMPASSIONATELY.
CHOOSE INTELLIGENTLY. EMBRACE THE FELLOW
BEINGS THAT INHABIT OUR PLANET. EAT VEGAN.
